Report on

“Organizing Learning (Lesson Plan)”

1) It is imperative to know the importance of different competences and skills in the field of education.

Our institution organizes different activities to develop different competencies and skills in the students. In order to develop the skill of organizing learning, students are asked to prepare lesson plan for core teaching skill, simulated lesson and for practice teaching. During this activity, teacher/mentor guide the students, supervise their performance while teaching and give constructive suggestions. He/She also tries that every student achieves most of the objectives and learn importance of professionalism in preparing lesson plan. Teachers role is that of a guide, supervisor, demonstrator whereas students are not only observers but also presenters. Here, performer is provided with the required feed-back for improvement.

Workshop on Core Teaching Skill

Practicing Core teaching Skill

Developing Teaching Competencies

Late Shree GovindraoWanjari College of Education takes efforts to enable students to be well-trained and competent teachers. The college organizes practice sessions for core teaching skills, simulated sessions, workshops on personality development and communication skills, reflective writing, and drama and art in education. These activities help students acquire competencies and skills in teaching. Teacher performs as demonstrator, guide, supervisor, facilitator, organizer etc.

Workshop on Reflective Writing

2) Assessment of learning

Assessment is an important part of teaching-learning process and every student should know each and every aspect of the assessment process. Students should also know the various techniques and tools of assessment. In this respect, students of the college prepare and submit unit test of school subject (i.e. Method). For this, college organized workshop for designing of assessment test and preparation of blue print.

College also organized various co-curricular activities through which students learned as to how to assess the particular event.

Here the teacher's role is that of examiner, planner, organizer, evaluator, supervisor etc.

Workshop on Designing of achievement Test (Unit Test) and preparation of Blue Print

3) Technology use and Integration

ICT plays an important role in teaching-learning process and it is very important for 'would be teachers' to know how to use it and how to prepare learning materials by using ICT. Students are instructed to prepare PPT for each method for using as teaching aids. College asks students to use ICT in teaching-learning process and also in practice teaching.

Through this activity students learn to use technology and various tools and update their knowledge. Faculty member also guide and inform various tools and update the student. In this activity teachers conducted online theory lectures so that the students learn to use 'zoom' and 'Google-meet' app for online teaching-learning process

5) Conducting outreach/ out of classroom activities

Awareness programme on AIDS/HIV, population, National water mission, Health and hygiene, plantation, gender sensitivity etc. were organized by the students in various places. For awareness for AIDS/HIV, rally was organized by students. skits and street plays were performed by students for gender sensitivity. For national water mission, students organized 'NirmalyaSankalan' and spread awareness about water pollution. Tree plantation drives are held by the college in college campus.

7) Facilitating Inclusive Education

The college organizes orientation programs, seminars and experts' lectures for the students to understand the need and importance of inclusive education workshops and field trips are organized to have hands-on experience of the teaching methodologies and facilities provided for students with special needs. So students visited 'Sandhya Samvardhan Sanstha' – Special School, Butibori.

For facilitating inclusive education, Late Shree Govindrao Wanjari College of Education provides multilingual teaching for students.

8) Preparing Individualized Educational Plan

Various activities are organized as part of the course work in theory and practical. Students are assessed on various criteria and provided with individualized study plans based on their needs and levels. Mentor and methodology lecturers guide them as per their learning style by providing them with suitable learning resources. Remedial classes and extra coaching were also provided to slow learners. Students prepared various lesson plans i.e. microteaching, simulated lesson, practice teaching. They also prepared teaching aids for practice teaching. Students also prepared assessment tools, PPT etc.
