3. Lesson Planning/Individualized Education Plans :

Every B.Ed. trainee needs to know how to prepare lesson plans. To develop teaching skill college ask students to prepare micro teaching lesson plans, simulated lesson plans and practice teaching lesson plans in each teaching subject. During this activity teacher tries their best that every student attain most of the objectives and learn importance of professionalism in preparation of lesson plans.

4. Identifying Varied Students Abilities :

The college offers various opportunities to their students for identifying varied student abilities. They are asked to visualize differential learning activities according to students need because every child has his own style of learning. So students make different types of teaching aids and used in practice teaching.

5. Dealing With Student Diversity In Classrooms:

College organizes activities based on culture and origin. Teachers encouraged the students by introducing various technologies, techniques and teaching strategies in classrooms. After these activities students are able to acquire the skill of using different teaching methodologies, according to the learners need. To make the students capable of dealing with the diversity in the classroom, the college uses a variety of teaching methods, discussion and activities. It is very important that Understanding the Diversity of Classroom is a skill that every new teacher should understand.

6. Visualizing Differential Learning Activities According To Student Needs :

Students should know about the real life situations while dealing with diverse students. to achieve this, they are asked to visualize differential learning activities according to student needs.

They are made capable of identifying such students who show deviant behavior and who are in need extra care and attention. So college organized some activities like Remedial Programe, Diagnostic Teaching, Content Teaching, Multilingual Teaching in the Class.

7. Addressing Inclusiveness:

To understand different aspects of community, the college organizes visit to different community services institutions like orphanage, old age homes, differently able schools. These visits helps to develop empathy among students and they get experience of using local environmental in teaching learning process. They are also asked while teaching use multilingual teaching.

Seminar on Inclusive Education

8. Assessing Student Learning:

Assessing students is an important part of teaching-learning process. To teach he trainee how to assess the students performance, the college conducted workshops and asks to practical work to prepare an achievement test i.e. unit test and also taught how to create blue print and prepare unit test. Teachers act as a guide ad supervisor.

9. Mobilizing Relevant and Varied Learning Resources :

Teacher use variety of print and non-print media to bring innovation in their teaching learning process. Individual differences are taken care of while choosing any teaching-learning material e.g. Teaching aids. Faculty always tries to train their students to use multiple modes while learning. Use of models, power point presentation sharing YouTube Videos, sharing e-contents in classroom which help to develop confidence among both teachers and students.

10. Evolving ICT Based Learning Situations :

College ensure that its teacher know how to use YouTube, Social Media, different apps , e-resources and develop e-contents etc. It is need of hours to bring this profession at par with the technology world.

Teacher provides opportunities to students to prepare PPT, so that they can acquire the basic skill of technology.

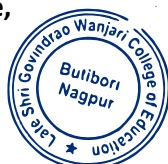

11. Exposure Community Engagements:

Engagement with community is very necessary in teacher training because teacher is social engineer. The college make to sure its best to provide exposure to the students on various social issues. The college makes its students aware about girl education, awareness regarding prevention of infectious disease, economic development activities, visit to police station, Nutrition and Health Survey etc. These activities helps students to understand different social problems and different ways to adjust in this society.

Visit to Bank, Oldage Home,

Police Station and Community Survey
