1) Report on Remedial learning engagement.

Main focus of G.W.C.E. is on remedial learning engagement activities. The students in class are from different background. Level of understanding of students are different. Learning capacity of all the students are not same. So G.W.C.E. is focused on the remedial teaching, learning or guidance after college hours for weak students.

The students are identified on the basis of 'Parichay Karyakram' i.e. orientation program for new admitted students where each subject teacher identifies whether the student is a slow learner or advanced learner in class teaching, oral test, etc. The need of remedial classes is for the weak and below average performing students.

Teacher explains the different topics of different subjects in multilingual way. They try to discuss the topic in more detail for weak students. Students are provided with notes of hindi, English and marathi by the teacher.

They are also given additional notes, extra coaching, key points of subject content, etc.
